

To Whom It May Concern

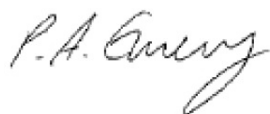

March 25, 2020

Dear Sir or Madam,

— MASCOT software developed by Matrix Science Ltd.

We are the sole supplier of Mascot software and associated support services (Mascot Server, Mascot Distiller). We are the developer of these products, NOT a distributor; Matrix Science has no resellers for stand-alone software or support services in Italy.

Yours sincerely,

Patrick Emery

Director, Matrix Science Limited.
