PERSONAL INFORMATION/DATI PERSONALI

Name <i>Nome</i>	Pasi Annamaria
Address <i>Indirizzo</i>	
Telephone <i>Numero telefonico</i>	.+
Fax	
E-mail	a.pasi@smatteo.pv.it pasiannamaria@pec.it
Nationality <i>Cittadinanza</i>	Italian
Date of birth <i>Data di nascita</i>	[REDACTED]

WORK EXPERIENCE/ESPERIENZE LAVORATIVE

Dates (from to) <i>Date(da-a)</i>	1993-1995: Experimental Thesis Training in Department Of Animal Biology of University (Pavia University) 1st March 1996 - Today: Collaboration with Immunogenetics Laboratory in the Immunohaematology and Transfusion Medicine Centre of the IRCCS Policlinico San Matteo (Pavia, Italy). 15th March 1995 -15th March 1996: Post-graduate training performed at the Immunogenetics Laboratory in the Immunohaematology and Transfusion Medicine Centre of the IRCCS Policlinico San Matteo (Pavia, Italy). September 1995- Study Award granted by Binasco ADMO association to perform HLA typing of Pavia Bone Marrow Donors Registry. 1st November 1996 - 31th Agust 1997 Study Award granted by
--	---

ADMO Lombardia to identify the genetically interesting reservoir for transplant purposes.

1st November 1998 - 31th August 1999 Study Award granted by Department of Health dealing with: "La non responsività al vaccino anti-HBV ed altri stimoli vaccinali: identificazione delle basi molecolari e suo potenziale utilizzo in medicina preventiva quale vaglio dei fenotipi a rischio di patologie autoimmuni" Research performed at the Immunogenetics Laboratory in the Immunohaematology and Transfusion Medicine Centre of the IRCCS Policlinico San Matteo (Pavia, Italy).

1st September 1999 - 30th November 2001 Study Award granted by Department of Health dealing with "Impiego delle Reverse Immunogenetics per l'identificazione di vaccini candidati contro l'infezione da virus da epatite C" Research performed at the Immunogenetics Laboratory in the Immunohaematology and Transfusion Medicine Centre of the IRCCS Policlinico San Matteo (Pavia, Italy).

1st January 2002 - 31th July 2002 Study Award granted by ESSEMEDICAL to contribute research activity and dealing with :"Definizione degli antigeni minori di istocompatibilità nel campo del trapianto di midollo osseo". Research performed at the Immunogenetics Laboratory in the Immunohaematology and Transfusion Medicine Centre of the IRCCS Policlinico San Matteo (Pavia, Italy).

1st August 2002 -31th July 2006 Study Award granted by Policlinico San Matteo dealing with: "Studio delle mutazioni nella regione 5'UTR del gene HSP 70-1 e nel promotore del gene TNF nella risposta alla fotochemioterapia extracorporea". Research performed at the Immunogenetics Laboratory in the Immunohaematology and Transfusion Medicine Centre of the IRCCS Policlinico San Matteo (Pavia, Italy).

1st August 2006 -30th June 2008 Study Award granted by Policlinico San Matteo dealing with: " Geni KIR e trapianto di cellule staminali emopoietiche". Research performed at the Immunogenetics Laboratory in the Immunohaematology and Transfusion Medicine Centre of the IRCCS Policlinico San Matteo (Pavia, Italy).

1st July 2008 – 10th January 2010 Study Award granted by Policlinico San Matteo dealing with: "Gli antigeni minori d'istocompatibilità (mHAg) nel trapianto di cellule staminali emopoietiche. Ruolo di polimorfismi di singoli nucleotidi". Research performed at the Immunogenetics Laboratory in the Immunohaematology and Transfusion Medicine Centre of the IRCCS Policlinico San Matteo (Pavia, Italy).

11th January 2010- 31th January 2015 Consultant with Hospital contract (*Determine 1421/D.G.del 02/12/2009 e 0215/D.G. del*

	<p>18/03/2013) for molecular biology tests performance at Immunogenetics Laboratory in the Immunohaematology and Transfusion Medicine Centre of the IRCCS Policlinico San Matteo (Pavia, Italy).</p> <p>1st February 2015 Hired as Responsible of Immunogenetics Laboratory in the Immunohaematology and Transfusion Medicine Centre of the IRCCS Policlinico San Matteo (Pavia, Italy).</p>
Name and address of the company	IRCCS POLICLINICO SAN MATTEO, Viale Golgi N°19, 27100 Pavia, Italy
Type and field of activity	
<i>Nome e indirizzo del datore di lavoro</i>	
<i>-tipo di azienda o settore</i>	
Principal subjects-occupational skills covered	Samples reception, DNA extraction, HLA molecular typing of cord blood units and mothers, related and unrelated stem cell transplantation (recipient and donor), bone marrow donors, quality controls. HLA disease association. KIR polymorphisms typing, molecular blood group typing. Minor Antigens, HSP70-1 and HLA-G studies. Anti-HLA antibodies studies.
<i>Principali mansioni e responsabilità</i>	Tutoring to students. Thesis Co-Advisor. Scientific papers reviewer Principal Investigator and collaborator in different Research projects
From July 2014:	
Responsible of the whole activity of the Immunogenetics Laboratory.	Overview of all the results before the report release concerning: HLA molecular typing of related and unrelated stem cell transplantation (recipient and donor), quality controls, HLA and disease association, cord blood and mothers of Cord Blood Bank of our Centre. Managements of registries of bone marrow donors and cord blood units. Member of EFI (European Federation for Immunogenetics), of AIBT (Italian Association for Immunogenetics and Transplant Biology), of GITMO (Italian Group for Bone Marrow Transplantation)
Title of qualification awarded	Degree in Biology (Pavia University)
<i>Qualifica professionale acquisita</i>	Speciality Degree in Clinical Pathology (Pavia University) Director of Immunogenetics laboratory.

EDUCATION AND TRAINING/ISTRUZIONE E FORMAZIONE

Name and type of organization providing education and training	1985: Accountancy High School “ Liceo Scientifico T. Olivelli” Pavia, Italy.
<i>Nome e tipo di istituto di</i>	1994/95: Degree in Biology (Pavia University)

<p><i>istruzione o formazione</i></p> <p>Main subjects and professional skills related to the education awarded <i>Principali materie ed abilità professionali oggetto dello studio</i></p>	<p>University of Pavia, Italy (99/110).</p> <p>2002: Speciality Degree in Clinical Pathology University of Pavia, Italy (50/50 lode).</p> <p>2016: ESHI Honorary Diploma 'European Specialisation in Histocompatibility and Immunogenetics'</p> <p>2020: II level University Master Course in "Medical Statistics and Genomics".</p>
<p>Title and professional qualification obtained <i>Qualifica conseguita</i></p>	<ul style="list-style-type: none"> ❖ Coordination of scientific and technical activity of Immunogenetics Laboratory concerning stem cells transplantation, disease association studies, donor registry, population genetics, erythrogenomics and basic research. ❖ Full-time engaged in review, interpretation and reporting of test results, including proficiency testing. Particular care is addressed to the development, updating and check for proper performance of all the technical procedures. ❖ Supervisor of all lab policies. ❖ Trainer of permanent staff and fellows with continuous educational internal meetings ❖ Cooperation with both the Bone Marrow Transplantation Centers of the Pediatric Department and of the Hematology of the University and IRCCS Foundation Policlinico San Matteo of Pavia . ❖ Stem cell transplantation, Transfusion Medicine, New perspectives in Hematological diseases, HLA typing and genetic features in immune mediated diseases are the main subjects of interest.
<p>Level in national classification (if applicable) <i>Livello nella classifica nazionale (se pertinente)</i></p>	<p>1995: Degree in Biology University of Pavia, Italy (99/110).</p> <p>2002: Speciality degree In Clinical Pathology University of Pavia, Italy (50/50lode).</p> <p>2016: ESHI Honorary Diploma</p> <p>2020: II level University Master Degree in "Medical Statistics and Genomics".</p> <p>University of Pavia, Italy</p>

PERSONAL SKILLS AND EXPERTISE

CAPACITÀ E COMPETENZE PERSONALI

Mother tongue <i>Madrelingua</i>	Italian
--	---------

Other languages <i>Altre lingue</i>	English		
Reading skills <i>Capacità di lettura</i>	good		
Writing skills <i>Capacità di scrittura</i>	good		
Verbal skills <i>Capacità di espressione orale</i>	good		

Social skills and competences Level of interaction, in multicultural environments, in positions where communication is important and situations where teamwork is essential (ig. culture and sports), etc.	Continuous and fruitful relationship with the clinicians of the IRCCS Foundation of Policlinico San Matteo of Pavia and of the University of Pavia and daily with the two Bone Marrow Transplantation Centers of Policlinic, of the Pediatric Department and of the Hematology Division. The collaboration with the scientists of the Foundation IRCCS Policlinico San Matteo and University of Pavia mainly regards HLA and disease associations and anthropological analysis.
Organisational skills and expertise Coordination and management of Human Resources, projects and budgets; at work, in voluntary work (ig. culture and sports) and at home, etc.	Responsible of all technical and scientific activities of the Immunogenetics Laboratory of the Immunohematology and Transfusion Centre of IRCCS Foundation Policlinico San Matteo of Pavia. Stem cell transplantation, transfusion medicine, genetic features of immune-mediated and hematological diseases, population genetics are the main subjects of interest and expertise. Trainer of permanent staff and fellows with continuous educational internal briefings, monitoring of their performance according to the EFI standards. Special care is kept with students and young fellows. Supervisor of all the lab policies. Coordinator of research programs (intramoenia, regional, national and international) principally within the immunogenetic field. Active participant to national and international Congresses, Courses and Histocompatibility Workshop always bringing its own experience.
Technical skills and expertise – <i>CAPACITÀ E COMPETENZE TECNICHE-</i> Computer, special	Full-time engaged in review, interpretation and reporting of test results, including proficiency testing. Loading of typing results into the computers using 3 different databases: Daisy, which contains personal and genetic data of all the people referring to our lab for typing, IBMDR which contains personal and genetic data of adult stem cell donors and

machineries and devices cord blood units.

Artistic abilities Music, Design, Dance, Cookery art

Music, writing, design, etc.

CAPACITÀ ARTISTICHE

*Musica, scrittura, disegno,
ecc*

Other skills
and competences not
mentioned above

*ALTRÉ CAPACITÀ
e competenze non indicate
precedentemente*

Knowledge of the most relevant national laws concerning donors recruitment, transplant policies, security and management

Driving licence
and other authorizations
