National scientific roles

Member of the Board of the Italian Society of Ecology (2012-2018)

President of the Italian Society of Ecology (SIte) 1-January 2019/31 December 2022

President of the Italian Federation of Nature and Environment Sciences (FISNA) January 2020/December 2024

Expert of the CNR, Department of Earth Sciences and Environmental Technologies, for the selection of research personnel and for qualification of research products and scientific quality (evaluation panel)

Expert for the "Anthon Dorn" Zoological Station for the selection of research personnel

MIUR expert for the selection of research projects of various types (PRIN, FIR, FIRB, etc.)

Scientific Projects

She has been the holder of numerous international competitive projects (FP / V °, FP / VI °, Interreg, Life) and national (PRIN). She is the holder of funds provided by public bodies, regional and local bodies and by institutions and private companies.

Main lines of research

- General and applied ecology linked to fresh and transitional aquatic ecosystems
- Structure of the fluvial, estuarial and lagoon ecosystem communities

- Estimate of the functioning of freshwater and transitional ecosystems
- Anthropic impact on aquatic ecosystems: mitigation and management possibilities through the application of "green" methods
- Ecosystem Services and Ecosystem Management
- Green Infrastructure

Travel and study

Institute for the Study of Ecosystems, ISE of the CNR, Pallanza, Italy
 Anthon Dorn Zoological Station of Naples, Naples, Italy
 Dept. of Genetics of the University of Tel Aviv, Israel
 Dept. of Marine Ecology of Eilat, Red Sea, Israel
 Dept. of Zoology of the University of Jerusalem, Israel
 Dept. of Zoology of the University of Chapel Hill, North Caroline, USA
 Musée de l'Homme de Paris, France

Scientific dissemination activities

She was invited to lecture for numerous cultural associations (Lions Club International, Rotary, Third Age University) and Italian University

Scientific production

She has produced more than 250 publications in international and national journals.
 He has participated in numerous national and international Congresses, in Italy and abroad.

International metrics of scientific productivity (Scopus)

H-index: 28
 Total Citations: 2451
 Paper in the last 10 years: 88

Language skills

Italian native speaker, good knowledge of French and fair English

Computer knowledges

Office package, statistical packages STATISTICA, STAT_PACK, univariate and multivariate statistical knowledge
